

## HUSUM Wind Match 2019

International Brokerage Event (10 - 13 September 2019)

HUSUM Wind is one of the leading global trade fairs for wind energy. As platform for cutting-edge technology and innovative power the exhibition reflects the whole lifecycle of wind turbines.

The Enterprise Europe Network invites all exhibitors and visitors of HUSUM Wind to participate in a B2B-matchmaking that will take place on September 11th right on the fair. This event offers a very effective forum to meet potential business or technology partners and to discuss cooperation possibilities in an informal atmosphere.

In 2019 the fair and the brokerage event will focus on the following areas:

- Manufacturing of wind turbines
- Research & Development / Engineering
- Installation / construction
- Components / suppliers
- New materials/composites/raw materials/material - processing
- Planning / project development
- Utility / grid operation / energy storage
- Finance / insurance
- Operation / maintenance
- Project development
- Service provider / consultancy
- Cooperative / Local energy provider
- Others

## HUSUM Wind Match 2019

- is the dedicated brokerage session that allows the participants to expand international network through scheduled one-to-one meetings
- offers added-value to the trade fair participation
- gives the opportunity to discuss cooperation possibilities in an informal and relaxed atmosphere
- offers a speed-dating format to meet a lot of different potential cooperation partners in a short time to develop and strengthen business and research relationships

Register on the online-platform <https://husum-wind-match-2019.b2match.io/> with your cooperation profile and book your meetings in advance. Participation at HUSUM Wind Match 2019 is free of charge for exhibitors and visitors; however participants have to purchase a ticket for the fair HUSUM Wind.
